WE'RE HIRING

Journeyman Electrician — Roaring Fork Valley

Position	Location	Type
Journeyman Electrician	Carbondale, Colorado	Full-time, year-round

\$30 – \$45 PER HOUR

Based on experience • Take-home company vehicle • Retirement plan with company match

J&C Services is a small electrical contractor working throughout the Roaring Fork Valley — Carbondale, Basalt, Aspen, Snowmass and Glenwood Springs. We do custom residential and light commercial work, and we're looking for a journeyman to join the crew.

THE WORK

- Custom home rough-in, trim and service — including high-end residential with smart lighting and control systems.
- Light commercial — mechanical equipment wiring, panel and service work, lighting retrofits, surge protection.
- Service calls and troubleshooting on existing systems.
- Working from prints, laying out your own work, and coordinating with GCs and other trades.

WHAT WE'RE LOOKING FOR

- Colorado Journeyman license — or Residential Wireman with the hours to sit for it.
- Experienced electrician — able to take a set of prints and run the work without being walked through it.
- Clean driving record and reliable transportation.
- Shows up on time, communicates when something changes, and cares what the finished job looks like.

WHAT WE OFFER

- **\$30 – \$45 per hour, based on experience.**
- **Take-home company vehicle** — drive to the job, not to a shop.
- **Retirement plan with company match.**
- Paid holidays and paid sick time.
- Steady year-round work — our schedule is booked out.
- Overtime available, not required.
- Small crew and a direct line to the owner. No layers, no runaround.

HOW TO APPLY

Email a resume to office@jandc-electricalservices.com

J&C Services is an equal opportunity employer.
